

# Q2

## Versatile Wireless Android Smart POS Terminal

From countertop to curbside, the Q2 adapts to your business with reliable connectivity, full payment support, and a compact, high-speed design.

**Slim, lightweight build with powerful performance**

**Bluetooth, Wi-Fi, and 4G for flexible pairing**

**Chip, swipe, tap, barcode + biometric scanning**

### Smart, Secure, and Ready to Work Anywhere

The WizarPOS Q2 delivers everything your merchants need for secure, high-performance payments in a compact handheld terminal. With built-in EMV, MSR, and NFC, plus optional fingerprint and barcode scanning, the Q2 adapts to nearly any use case — from retail counters to mobile checkout. A 5.5" touchscreen, fast thermal printer, and dual SIM support make it ideal for businesses on the move.

**Powered By QuickSale®**

# Compact, Connected, and Built for Business

**Deliver seamless transactions in any environment  
with a fully integrated Android smart terminal.**

## Q2 Specs

|                   |                                                                                                                                                     |
