

Frictionless Giving. Securely Connected. Instantly Delivered.

 From tap to donation in **seconds**—securely powered by a **unified payments platform**.

Empower donors to give instantly across any channel. QuickSale Donate connects every transaction securely through the QuickSale HUB platform—eliminating friction while increasing engagement and impact.

**Secure**  
Bank-grade encryption and tokenization

**Compliant**  
PCI DSS compliant infrastructure

**Seamless**  
Fast, frictionless donor experience

**Insightful**  
Real-time reporting and analytics

**Omnichannel Donation Experience**

- Online donation pages
- Mobile-first giving
- Campaign & event-based donations

**Instant, Frictionless Transactions**

- Tap → donate → approved in seconds
- No login friction
- Optimized donor experience

**Secure Processing & Tokenization**

- PCI-compliant processing
- Tokenized payment data
- Encrypted transactions end-to-end

**Real-Time Reporting & Insights**

- Donation tracking dashboards
- Campaign performance visibility
- Actionable analytics

**Built on QuickSale HUB — Not a Fragmented System**

Most donation platforms rely on disconnected providers for:

- Payments
- Security
- Reporting

**QuickSale Donate is different:**

- Unified platform architecture
- Integrated gateway + security + devices
- Full control of the donation experience

**Nonprofits**

**Faith Based Organizations**

**Fundraising Campaigns**

**Events & Institutions**
